

# LPN to RN Transition Program

Health Care

• LPN to RN Transition Program

## Admission Requirements

- Current LPN License (Active).
- Four units of high school English. An acceptable substitute for the English requirement is a score of 4 or higher on the College Success Sentence Skills/English Placement or by completing ENG 100 with a grade of C or higher.
- Three units of high school Social Studies. An acceptable substitute for the Social Studies requirement is a score of 94 or higher on College Success Reading Placement Test or by completing RSS 100 with a grade of C or higher.
- Two units of high school mathematics, one of which must be Algebra with a C or higher. An acceptable substitute for the mathematics requirement is Math 090 or Math 105 with a grade of C or higher. The appropriate mathematics course will be determined by student's score on the College Success Algebra Placement Test.
- Two units of high school science with a lab with a grade of C or higher. An acceptable substitute for the science high school requirement is BIO 105 with lab and CHE 106 with lab.
- Current application to LCCC.
- Acceptable scores on LCCC skills assessment unless exempted by health care advisor.
- Submission of official transcripts from all previous education (high school, trade, technical, college).
- Completion of online Restricted Program application to the LPN to RN Transition Program.

## Other Considerations

- Any student who has successfully completed, with at least a "C," Anatomy and Physiology I and II (BIO 163, 164) and Microbiology (BIO 220) more than seven years before admission or readmission will be required to repeat these courses.
- Students must earn a "C+" or better in all ADN courses and an overall GPA of 2.2 to continue in the Nursing program. Only one withdrawal or repeat is allowed in the ADN coursework.

Admission is competitive and based on the same admission scoring policy as listed under ADN scoring information.

## Exempt Courses
