

## General Studies A.A. (GSAA)

The General Studies degree prepares students for transfer to a four-year college or university. Students study a balanced program of humanities, mathematics, science, and social science courses as a foundation for further learning. Students are urged to consult with an academic advisor or counselor to ensure that the courses selected meet LCCC requirements and those of the four-year college or university to which transfer is intended.

### Upon successful completion of this program, graduates will be able to:

- demonstrate critical thinking and problem-solving skills.
- analyze intricate problems involving unclear possibilities.
- employ effective methods of research.
- apply information literacy skills.
- effectively use written and oral communication skills.
- discuss the differences in human cultures.

Students should consult the catalog of the four-year college or university to which he or she plans to transfer to ensure that degree requirements are being properly met. Transfer information for this program is on file in the Transfer and University Center. For more information, contact an academic advisor or counselor.
