

What is ACCESS?

LCCC students can now ACCESS their books and course materials with less cost and greater convenience.

How does it work?

Books are delivered digitally. Students will either receive an email from brytewave.redshelf.com with their digital books or will access integrated books via Canvas on the first day of class.

The charge will be included in their bill so students can use their financial aid or payment plans for their books. Students are automatically enrolled in this program upon enrollment into the class. To opt out*, please email bookstore@lccc.edu

Please include:

- L#
- The semester for which you wish to opt out
- The course in which you want to opt out of

Please note that the last day to opt-out is the last day to drop a course, as listed on the academic calendar. Opting out of certain courses may result in losing access to the digital platform where homework, tests, etc are completed for the course. *

Fall 2022 Opt-Out Deadlines
