Executive Summary

The 2025 graduate outcome surveys were distributed to students who completed degrees during the 2024-2025 academic year. We achieved a final survey response rate of 63.1%, representing 536 respondents out of 850 total graduates. While this marks a stabilization following consecutive record highs in 2023 (68.6%) and 2024 (73.4%), it remains well above historical baselines.

The rate of graduates reporting a positive educational or employment outcome rebounded sharply to 96.6%, reversing a two-year downward trend that saw the metric fall from 95% in 2022 to 91.3% in 2024. This notable improvement highlights an exceptional period of post-graduation placement and transfer success for the college. Correspondingly, the percentage of graduates explicitly reporting as not employed or continuing their education fell to a multi-year low of 3.7%. This is, in part, due to a below-average number of paper or electronic surveys completed, which can report an unsuccessful outcome, and an above average number of students with data confirmed through the national student clearinghouse, which cannot report an unsuccessful outcome.

Wage data reflects a significant structural change in institutional tracking. Transitioning from historical hourly reporting, annual salary tracking for 2025 reveals a mean salary of \$51,938 and a median salary of \$43,500 among employed graduates reporting compensation data. Individual program metrics showed strong performance variance, led by Nursing graduates who reported a median annual salary of \$80,000.

Kutztown University remains the definitive top destination where the largest segment of LCCC graduates choose to continue their education, representing a combined 18.4% (99 students) of the entire respondent pool. Other institutions to which a significant number of graduates report transferring are all campuses of Pennsylvania State University (10.2%, 55 students), Cedar Crest College (3.5%, 19 students), East Stroudsburg University (3.5%, 19 students), and Capella University (3.4%, 18 students). Notably, LVAIC colleges DeSales University (2.4%, 13 students) and Moravian University (2.0%, 11 students) dropped out of the top 5 transfer institutions in the current survey, while state-related or state-funded schools (Penn State plus three PASSHE schools: Kutztown, East Stroudsburg, and Commonwealth) took four of the top ten. Taken together, the 2025 outcomes demonstrate robust regional articulation and career readiness across all credential sectors.

This document was automatically generated using a Python script written by Dr. Marco Anglesio.

Definitions

Graduate Survey Response Rate

Graduates: LCCC graduates, graduating in the most recent complete academic year.

Respondents: Graduates with data from one of four sources: the in-person paper survey distributed at or prior to graduation, the mailed paper survey, the emailed electronic survey, or with student data from the National Student Clearinghouse.

Post-Graduation Activities

Employed: Graduates self-reporting a wage-earning job post-graduation. Employment at LCCC is counted within Employment if reported within the paper or electronic surveys.

Continuing Education: Graduates self-reporting continuing in higher education or training after graduation, or who have postsecondary study reported via the National Student Clearinghouse.

Continuing study at LCCC is counted within continuing education if it occurs in a semester after graduation.

Employed and/or Continuing Education: Graduates counted in Employed, Continuing Education, or both.

Not Employed or In Education: Students reporting that they are not currently seeking employment, education, or training in the paper or electronic surveys.

Post-Graduation Employment:

Full-Time: Wage-earning employment self-identified as full-time. For the purposes of wage conversion, full-time hourly wage is annualized as 40 hours per week, 50 weeks per year (2000 hours per year).

Part-Time: Wage-earning employment self-identified as part-time. For the purposes of wage conversion, part-time hourly wage is annualized as 20 hours per week, 50 weeks per year (1000 hours per year).

Job-Hunting: A graduate identifying as seeking employment but not currently in employment.

Entrepreneur: A graduate self-identified as wage-earning but self-employed.

Volunteer: A graduate self-identifying as engaged in non-wage-earning employment.

Military: A graduate serving in one of the uniformed services.
