

Education ACADEMY

Career Pathway

for Dual Enrollment high school students

Academy Information

Lehigh Carbon Community College's Education Academy is for aspiring teachers who want to earn 14 credits toward a college degree. This intensive, dual-enrollment program is designed to provide students with an early college experience as they explore careers in education. Lehigh Carbon Technical Institute (LCTI) students will complete these first and second semester classes as part of the Future Educators program.

In this program, you will take classes such as:

- Careers in Education
- Public Speaking
- Foundations of Education

and more!

Additional information regarding the course sequence can be found on the reverse side of this sheet.

Requirements

- Students can join the academy during their senior year.
- Approval from principal or school counselor.
- Dual Enrollment students must meet the same prerequisites as all other college students. Some college classes will require placement testing.

This program is a great way to get started in the education field while building skills for the future.
